Bangkok, Thailand

Dear Mr. Chamnien:

Attached is a summarized version of your remarks to the Northeast Agri-Business Team.

We were delighted to have your cooperation in briefing this team and the participants were very interested in your comments.

If there are any major errors in fact which have occurred in this transcription, we would appreciate your notifying us as soon as possible so that we can incorporate corrections in the team's copies before they leave Thailand. The team members plan to depart at various dates commencing this week. In the interest of expediency you may wish to contact Mrs. Hope Sullivan in my office. She is directly in charge of the preparation of these transcriptions.

Again, thank you for your efforts in making the team's survey successful.

Sincerely yours,

Donald C. Marsden, Acting Chief
Private Enterprise Division
